Re: Mr Barrie Goldsmith

I am writing as a representative of the Free Wesleyan Church of Tonga District Australia. I am writing a testimonial in favour of Mr Barrie Goldsmith, in his capacity as a solicitor.

I have known Mr Goldsmith for more than five years, during which he represented the Church for about two years. During this time of working together with Mr Goldsmith I found him to be honest, intelligent and trustworthy. During the Church's cases which were being heard in the Supreme Court of New South Wales, I found Mr Goldsmith to be diligent and knowledgeable about the law. Not only was he a competent solicitor, but he was committed to representing the best interests of the Church during the entire process. He gave the Church very good advice and instructions on how to go about the matter, and always gave us enough time to understand the issues before we made our decisions.

I trust that the above information would give you some personal insight on what it is like to work with Mr Barrie Goldsmith. I highly recommend him, and regard him as professional lawyer who will always do his best for his client.

Yours faithfully,

Rev. Sione M Pinomi
General Secretary
